

Commissioner's Corner

Lisa DiGiacinto

Exciting news for CHRVA! Once again we have been selected as a stop on the USAV Junior Beach High Performance Tour on May 12 in Rehoboth Beach, Delaware. Thanks to our partner, Mid Atlantic Volleyball, we will be offering a Juniors Doubles sanctioned tournament on May 11 and the HP Junior Beach tryouts on May 12. Register for the May 11 tournament on [MAV's website](#). Sign-ups for the USAV High Performance tryouts are at www.usavolleyball.org. You do NOT need a partner to try out for HP and the all ages from 12 to 25 are invited. Remember, High Performance tryouts for indoor and outdoor use the FIVB age classifications of January 1 instead of USAV's September 1.

There is a lot more to do this summer in our CHRVA Juniors sanctioned events. We are expanding the junior beach opportunities and once again will host the CHRVA outdoor championships. Juniors and parents will receive an email in mid-April with more information on the complete Juniors Doubles outdoor program for this summer. We also invite you to check the [CHRVA website \(under the "Outdoors" tab\)](#) and the [CHRVA Facebook page](#) for more information. At each of the juniors doubles events this summer, doubles tournaments for adults will also be offered.

Our Chesapeake region championships have started. The Boys Regional Championships concluded on March 16. Girls Regional Championships kicked off on April 6 and will conclude on April 21. Next up are the Adult Regional Championships to be held at the end of April. Teams are preparing for the opportunity to represent our region at the National Championships. The Adult Open National Championships will be held in Louisville, Kentucky, followed by the Boys National Championships in Reno, Nevada, starting on June 27 and concluding with the Girls National Championships in Dallas, Texas, on June 28. Good luck to the many teams who will make the competition.

Reminder to the adult teams going to Nationals: If your team is to be part of the reimbursement for the entry fee, you must send me a copy of your registration form.

Stay involved and be a part of the solution!
