

## **Team Registration**

**Team reps**, if you have not registered your team, please get right on that. The new Adult Team Registration form can be found on the Adult page of the website and it is posted on each coordinator's site. You must fill out the top section completely. If you are a returning team, you only need to put the addresses for new players and the returning players who have moved. Don't forget to "sign it" using the electronic signature. Email the Excel document to me and I will assign a team number. Remember that you need at least six people to be registered for this season and you can't register for a tournament without a team number.
