

From the Scorer's Table

NEW for the 2012-2013 Season. Scorers take note of the new requirements.

The Libero will be allowed to serve in one service rotation. Since you can have two Liberos in the match, they will act as one in regards to serving in the same rotation. Either one can serve, but must serve in the same rotation during the entire set.

We are now moving into the electronic age. Yea! The scoring clinics will all be online.

ADULTS

If you are new to scoring and plan to score at Adult tournaments, you will need to be a USAV/CHRVA member, register for the online clinic, watch the whole thing, pass a test, and get two passing ratings at a Fellowship in November. Ratings must be completed by November 30, 2012.

If you are a Provisional (scored for one year), you will need to be a USAV/CHRVA member, register for the online clinic, watch the whole thing, and pass a test before December 31, 2012. You do not need ratings at a Fellowship.

If you are a Regional (scored for two+ years), you will need to be a USAV/CHRVA member, register for the online clinic, watch the whole thing, and follow the instructions at the end of the clinic before December 31, 2012. Because of the significant scoring changes, **ALL scorers and referees will be required to watch the scoring clinic this year.** Verification for watching the clinics is electronic and part of the clinic. The testing requirement for scoring certification has NOT changed, so if your scoring certification is valid for the 2012-13 season, you still must watch the clinic.

JUNIORS

ALL junior players interested in being certified this season as a scorer must be a USAV/CHRVA member, register for the online clinic, watch the whole thing before January 15, 2013, pass the junior test requirements, and get two passing evaluations at a regular season tournament, and mail your evaluation form in to Lynette Muller before May 15, 2013.

The powers that be tell me that the online clinic will be available around October 1, 2012. Keep checking the CHRVA website for updates. www.chrva.org Click on Officials and then Click on Scorers

Happy scoring,
Dixie Collins
CHRVA Scorer Chair
