

At the Scorer's Table

Dixie Collins, CHRVA Scorer Chair

ATTENTION ALL SCORERS and those that want to be!

The scorer certification and re-certification will be easier than ever with expanding technology.

This season, when you are in WebPoint registering as a player or official, you will be able to access the clinics from there. Learning Management System (LMS) gurus are in the process of posting all clinics and are changing their name to USA Volleyball Academy.

As soon as this becomes a reality (hopefully by the end of September) look for detailed instructions on all the steps necessary to achieve the proper certification. [You will find this under the Officials and Scorers tab on the CHRVA website.](#)

If you would like a sneak peak of the NEW scoresheet, [check out the CHRVA website now under the Scorer Forms and Documents tab.](#) The design is quite different but most of the same components are still there. The recording of the substitutions is slightly different so you will want to check out the scoring clinic when it is available to give you the nitty-gritty.

Congratulations to our newest National Scorer, Ed Tucholski. Way to go Ed!
