

TEAM CODES

- Team codes are used for major and out of Region tournament entry, Nat'l office results tracking and in the CHRVA seeding index.
- Each team must have a unique code and it cannot be changed during the season. This code should be reported to the CHRVA Registrar as soon as the code is determined. It is preferred that this is done at the time of team registration at the beginning of the season.
- A list of the five letter club/team portion of the team code for the current Chesapeake Region teams is attached for your use in determining your team code.
- Club directors are responsible for determining the order (and the required team rank number) to be used if there are multiple teams in that club in the same age group.
- If you do not see your team/club listed on the next page, send an email with your proposed five letter identifier to the Registrar, registrar@chrva.org. Remember, it has to be unique and cannot duplicate those already being used in the Chesapeake Region listing.

Juniors Club Codes

TITAN	ALEXANDRIA TITANS
ARLVA	ARLINGTON VB
BALTO	BALTIMORE STARLINGS VBC
BARN	BARNSTORMERS VBC
BAVAJ	BAY AREA VB ACADEMY OF MD
